

SWAP RC meeting 10/20/08

Greg Gee called the meeting to order at 7 PM, at Hobby Town. He thanked everyone for coming to the meeting, 16 members and 1 visitor were in attendance.

Minutes for the September meeting were read, voted on and approved.

Financial secretary read the treasury report – balance of \$4,784.84.

OLD BUSINESS

Vandalism, Wayne was at the field in the evening and found three sets of kids their but no vandalism being done. He talked to the kids but they knew nothing. A discussion went on about how to control it, cameras; off duty police etc were discussed. Charlie H. is going to check on price and availability of low voltage cameras.

NEW BUSINESS

Greg wanted to thank everyone for the repairs that have been done after the vandalism, Bob Kelliher, Ted, Bud and Doc and Wayne and he apologized if he missed anyone. There is still lots of work to be done; tables need strengthened, top rails in the fences replaced, frequency board needs repairs and some more dirt added. When do we want to get this taken care of? Some of the repairs to be done before the fun fly, we are going to have a working party at 9AM before the fun fly and add cross braces to the tables and replace all the wood that needs it. Also Glenn will bring up some metal to put over the holes in the frequency board, and then in the spring we will have another big work party.

Free state RC club will have an armistice day fun fly for WW I planes on November 11, 2008 for anyone interested.

The members voted on a raffle plane for the TOC next September and it was decided that a Pulse XT model would do the job.

SHOW AND TELL

Ed Goldberg brought a new pulse 25 electric he is getting ready to fly. Looks good for an electric!!

Meeting was adjourned at 7:55 PM
